

Kenilworth Library Vision

Sunshine Coast Council is inviting people who live, work or play in Kenilworth or the surrounding districts, to join the conversation and inform the future of their library service.

Our goal is to understand and deliver, the type of viable library service, that reflects the current and future, Kenilworth community aspirations, needs and desires.

The future library network

The Sunshine Coast Libraries Network Plan 2019-2041 provides a vision for the future library network and a blue-print for investments.

It also introduces a new service delivery model of five tiers, that reflects the role and function of services, within that hierarchy.

Kenilworth Library has been identified as a Tier 4 Express Library Service.

Express Libraries alternatives include:

- Community library – a modest library service in a community or commercial setting
- Library Lounges – an unstaffed library service in a community setting
- Book stops – a small collection within a community centre, business or general store

- Vending Machines – convenient collection and return of popular titles and reservations.
- Library lockers – convenient collection and return of reserved items only

Have your say

From 26 September – 5 November 2022 you can have your say, and connect with the library service either by:

- Completing the online community survey at:
haveyoursay.sunshinecoast.qld.gov.au/
OR
- Visiting the Kenilworth Library

Where to from here

Council will collect, and analyse the findings from the community, and prepare a report.

The key findings from this report will provide valuable insights and information from the Kenilworth community that will:

- inform the type of well-utilised library service that best suits the needs and desires of the local community.
- provide guidance on any infrastructure requirements to support the community needs

The Kenilworth Community Engagement Report is due to be completed by December 2022 and findings will be available on the Have Your Say website.

You're invited to join the conversation

Timing

Stage 1 - Project Development

5 May 2022 to 25 September 2022

Stage 2 – Community consultation Opens

26 September 2022

Stage 2 – Community consultation Closes

5 November 2022

Stage 3 – Feedback Analysis and report

November/December 2022

**Stage 4 – Approval and/or
implementation start**

2022 - 2023

Keep up to date
