

Marcoola North Foreshore Placemaking project

Marcoola North Foreshore and Lorraine Avenue precinct have been selected to undergo a placemaking master planning process.

Council seeks to design and deliver a masterplan for the Marcoola North Precinct which includes upgrades to the foreshore park and streetscape between the Marcoola Surf Lifesaving Club and Lorraine Avenue shops.

Council's placemaking team will be engaging with the community to undertake a holistic approach to planning and design of the area.

How can you contribute to placemaking in Marcoola?

Council are asking the Marcoola community to 'Have Your Say' as part of the master planning process. This will gain valuable feedback for development of the foreshore park and streetscape.

- What do you love?
- What would you keep?
- What would you change?
- What is your vision for the precinct?

The final plan will guide future planning and capital works projects in the much-loved coastal town. The project will be funded by the Streetscape Capital Works Program and Minor Capital Works Program.

What is placemaking?

Placemaking is an approach to engaging and collaborating with communities to create meaningful and vibrant places that reflect their values.

WE ARE HERE

PHASE 1

Values and visioning
What do you love and value?
What is your future vision?

10 DEC 2021-17 JAN 2022

PHASE 3

Have we got it right?
Have your say on the draft masterplan

PHASE 2

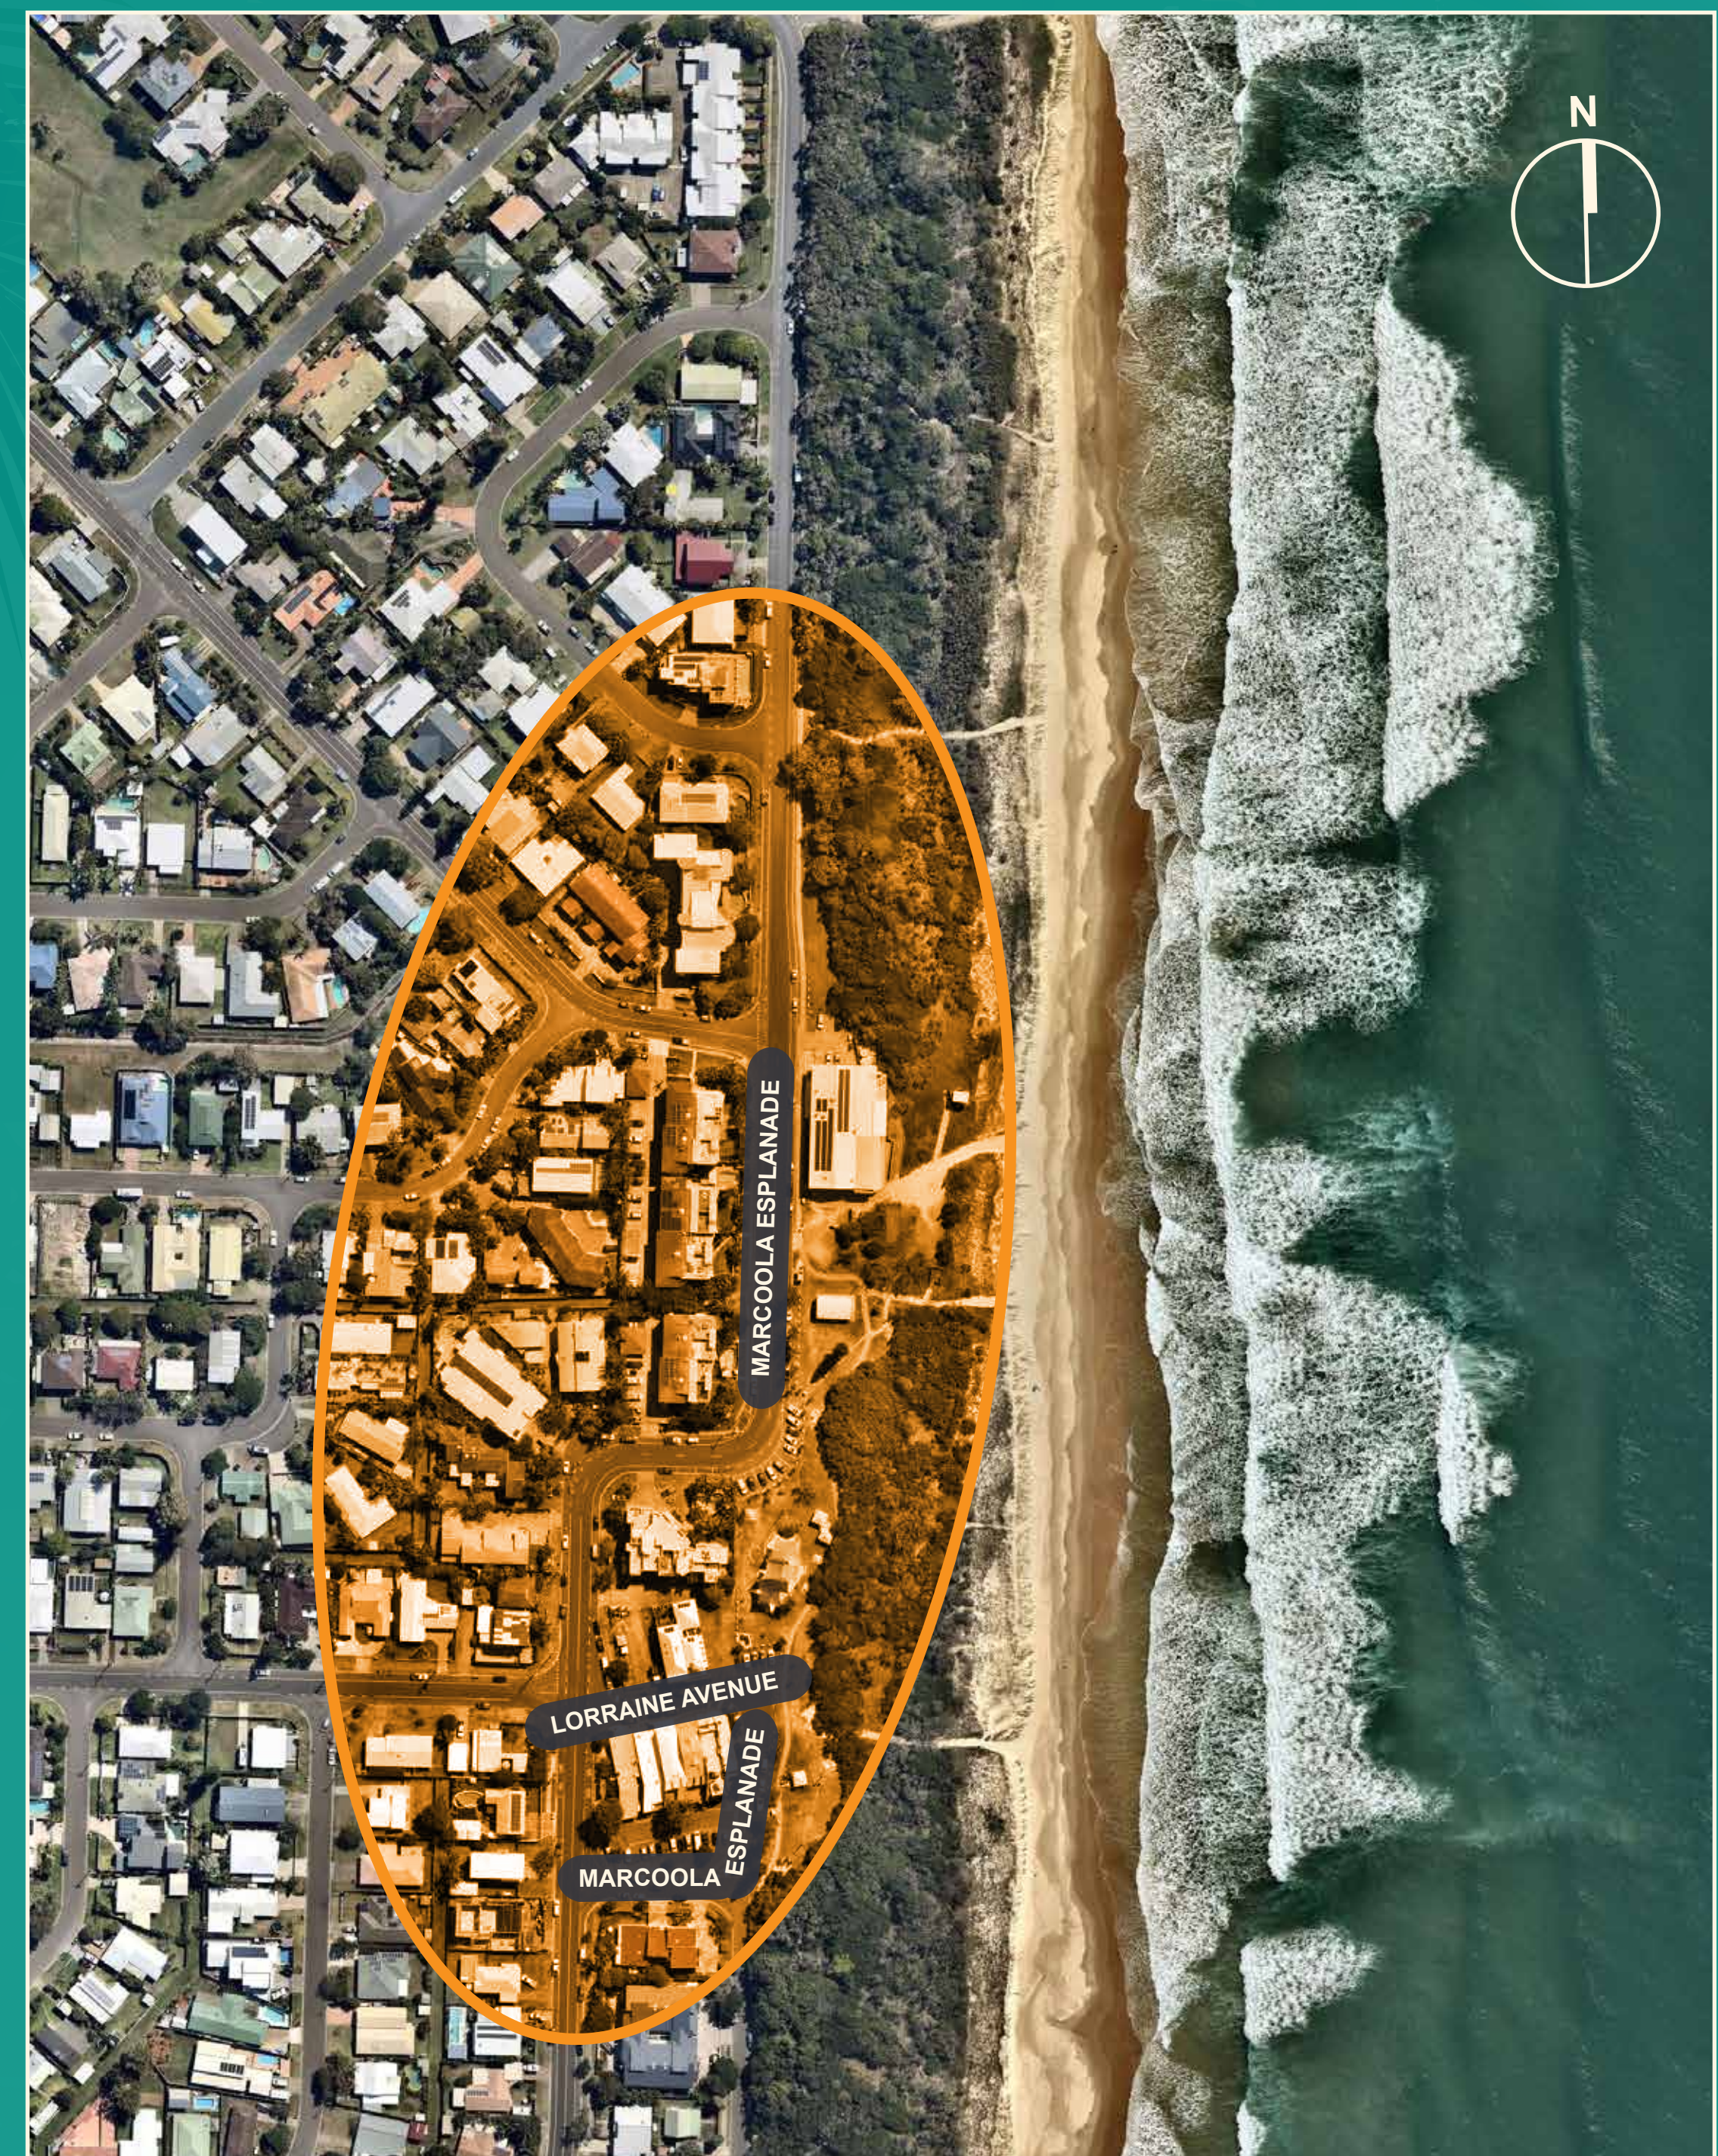

Making a plan
Developing a draft masterplan from the values and visioning

PHASE 4

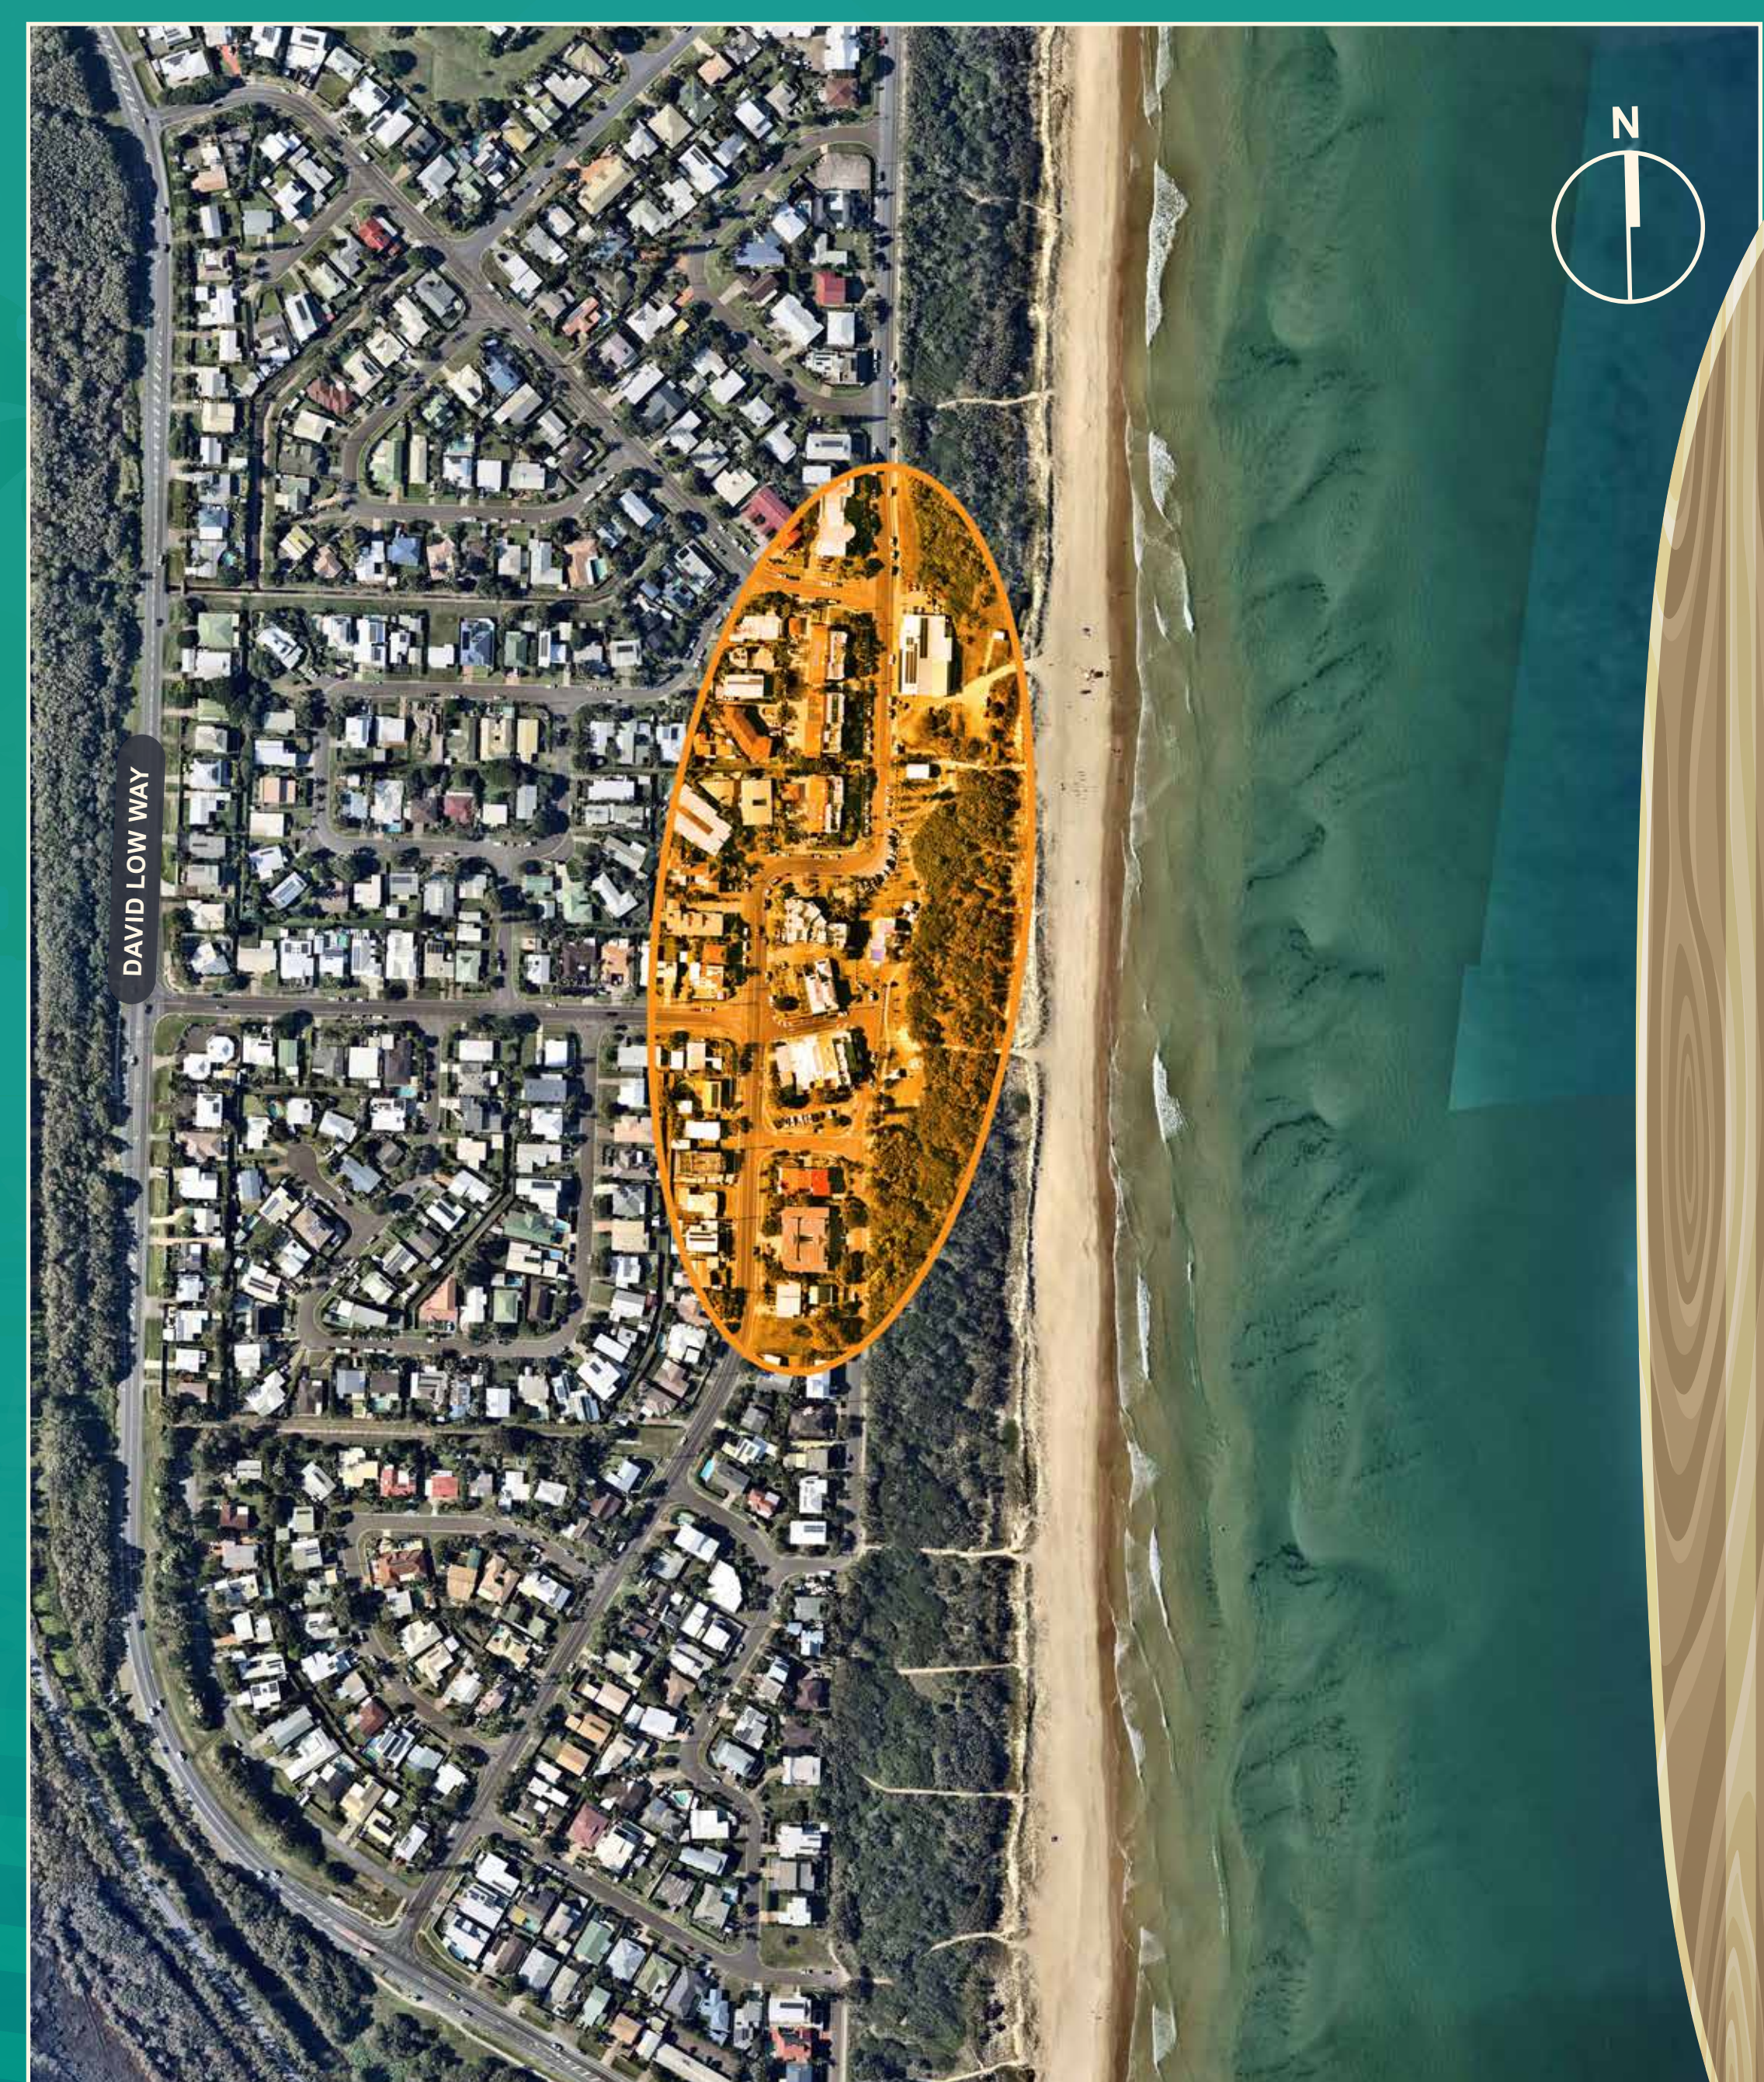

Finishing and staging
Finalising the masterplan and developing an action plan
